

European School of Pathology - Zagreb Edition 2016

Update in Soft Tissue Tumors

***Prof. Raf Sciot,
Belgium
Prof. Judith Bovee,
The Netherlands
Prof. David Creytens,
Belgium***

This course is created for younger pathologists and the ones in need of refreshing their knowledge. During a three-day course (**December 1-3, 2016**) participants will have opportunity to listen to lectures and to take active part in discussions and slide seminars. Stress will be on the soft tissue tumours and their differential diagnosis. It is designed for improvement and standardization of

diagnostic abilities of participants. The course is organized by the Institute of Pathology, University of Zagreb School of Medicine and Ljudevit Jurak University Department of Pathology, Sestre Milosrdnice University Hospital Center, and led by highly recognized European pathology experts.
